

NOT ON OUR WATCH

Re-entering Kids Ministry

We are excited to get back together at YOUR CHURCH NAME. We are also aware that these are still very uncertain times. We want to reassure you that we are taking every precaution to keep you and your family safe. Our nursery has always been committed to the safety and wellbeing of your kiddos. We have had cleaning procedures and guidelines in place before this virus, and we will continue with those procedures while also adding any new recommendations by our healthcare providers. We want to make you aware of what to expect when you arrive in our nursery at YOUR CHURCH NAME.

- Your child will be checked in our facility like normal.
- Please LABEL EVERYTHING YOUR CHILD BRINGS INTO THE NURSERY. We want to ensure children do not get personal items mixed up.
- Only one adult per family will be allowed to accompany the children into the nursery wing. This is to ensure social distancing and to keep us in compliance with the governor's current guidelines.
- Parents will only ENTER through the EAST entrance and EXIT through the WEST exit for drop off and pick up. Traffic will only flow one way down the hallway.
- Only one family will be allowed to stand at a nursery door at a time.
- Therefore, only 4 families will be allowed in the hallway at a time.
- Upon arrival into the church building, parents will be asked to sanitize their hands.
- Once in the nursery hallway, children 2 and older will stop at the workroom sink and wash their hands. We will have someone there to assist with this process. Children under 2 will be given to the nursery worker in their classroom, and the worker will wash the child's hands in the classroom sink.
- Diaper bags will be left outside the classroom door. Workers will Lysol the diaper bag and then bring it into the classroom.
- Our nursery workers will be washing the children's hands throughout their time with us. They will also use hand sanitizer if pre-approved by the parent.
- After services, all toys are taken out and disinfected. All surfaces are cleaned thoroughly.
- Between the 9AM service and the 11AM service we will use a completely new set of toys in each classroom. All surfaces will be disinfected, and our employees will be changing smocks.
- When taking children to the potty, only two children will be allowed in the restroom at a time. We will have tape placed on the floor for the other kids to wait outside the bathroom.
- All nursery workers will have their temperature taken upon arrival to IBC. Any employees with a fever will not be allowed to work.
- Families must complete the pre-registration form before arrival to the nursery (this will be emailed to you)
- Children who become symptomatic while in our care will be removed immediately and the parents will be notified.
- Any child who has had fever within the past 48 hours, cough, shortness of breath (for any reason), or has been in contact with anyone who has tested positive for COVID-19 will not be allowed in the nursery.
- It is our number one goal to provide a loving, safe, Christ-centered environment for you and your family.
